# SEX TRAFFICKING STATISTICS IN TEXAS

There are more than 300,000 victims of human trafficking in Texas, including almost 80,000 minors and youth victims. That is filling AT&T stadium THREE times!

\$99 MILLION is generated in NORTH TEXAS ALONE from the forced sale of commercial sex in one year.

75% of underage sex trafficking victims said they had been advertised or sold online.

In Texas there are UNDER 100 beds available for rescued victims to find healing and restoration.

# our dream our vision

Bochy's Place is a safe-house for girls rescued from sex trafficking. We offer these victims a safe place to retreat to for healing, restoration, and reintegration.

Bochy's Place is building a model that can be duplicated with structure and support in order to offer more availability to the grossly underprovided for trauma beds.

Our program is a strength-based curriculum that deals with psychological trauma treatment and inner spiritual healing. We offer life skills, etiquette, communication, education, job training, physical healing, legal assistance and more.

We believe as we help to rebuild these very broken girls, the healing and resurrection of their lives will begin to bring change & blessings in their own communities & families.

In April of 2019 we lost the lease on the home we were renting for residents. A few weeks after receiving this news a volunteer approached us and told us they felt called to donate their property to Bochy's Place. We knew this was a sign that we were being led to building a home. This time we would build a home for 10 girls rescued from sex trafficking.

Our goal is to raise \$500,000 to build a new home for these 10 residents as to offer security for the victims we serve.

Your sponsorship of this event or contractor services will help us accomplish this goal. Our goal is to dedicate 100% of the funds raised at our annual gala to the building and operation of this home!

Sparkle Living, Inc is the parent company to  
Bochy's Place and is a 501(c)3 Non-Profit Organization
